

Goods Movement Process

Funding Goods Movement

Infrastructure
Public Health/Env
Community
Safety/Security

- Bonds
- User Fees
- Public/Private Partnerships
- Project Mitigation
- Other

Ideas

- Health and economic vitality is important to all of us
- All need to work together to ensure adequate funding of goods movement
- Application of funding towards projects/environment/community may be mechanism for buy-in
- In order to get “User” buy-in on fees funds, need to apply funding towards specific projects
- Public/Private Partnerships are important in advancing projects and new technology
